Welcome to the Sierra Electric Team

We are pleased to announce that Minh Dang has recently joined Sierra Electric as our new Field Tech / Purchasing / Facilities team member.

Minh was born in Vietnam and immigrated to the United States at the age of 10. He lived in California for about 20 years and has a passion for traveling, learning how things work, and meeting new people. During the pandemic, he began exploring the interior of the U.S. and discovered a love for the quiet and peacefulness of open country.

Minh attended the Lineworkers Program at Doña Ana Community College, and one of his favorite parts of working at Sierra Electric is the opportunity to learn new things every day. He says he is most proud of the co-workers throughout his career who have become like family and close friends.

Fun Fact: Minh can see exceptionally well in the dark! Please join us in welcoming Minh to the Sierra Electric team!
